Following are all transcripts you have in tenant HOL:

VMware SD-WAN - Getting Started (HOL-2240-01-NET)

Introduction to all available features for Enterprise Customers of VMware SD-WAN.

Start Date Time	Completion Date Time	Time Spent	Language
01:16 PM 09/06/2022	04:52 PM 09/06/2022	213	ru

NSX Cloud Consistent Networking and Security across Enterprise, AWS & Azure (HOL-2227-01-NET)

VMware NSX Cloud provides customers with the ability to create and manage networking and security policies consistently across hybrid-cloud environments, from on-premises data centers to native AWS and Azure workloads using a single pane of glass.

Start Date Time	Completion Date Time	Time Spent	Language
01:29 PM 03/25/2022	03:35 PM 03/25/2022	not available	ru

Carbon Black Cloud Workload Protection Simulation (HOL-2236-02-ISM)

Learn how to install, configure, and use the VMware Carbon Black Cloud Workload Protection solution - Our vulnerability assessment and inventory management solution for vSphere workloads.

Start Date Time	Completion Date Time	Time Spent	Language
10:14 AM 03/25/2022	12:20 PM 03/25/2022	47	ru

vSphere with Tanzu (HOL-2213-01-SDC)

Start Date Time	Completion Date Time	Time Spent	Language
08:50 AM 12/09/2021	10:24 AM 12/09/2021	90	ru

NSX-T Advanced Networking (HOL-2225-02-NET)

The NSX-T Advanced Networking lab is focused on the advanced features of the product for users who are already familiar with NSX-T.

Start Date Time	Completion Date Time	Time Spent	Language
07:22 PM 11/06/2021	09:28 PM 11/06/2021	not available	ru

NSX-T Networking Fundamentals (HOL-2225-01-NET)

This lab focuses on getting started with the VMware NSX-T platform. Showing administrators how to configuration network and security settings. This includes the provisioning of logical segments, logical routers and the security associated.

Start Date Time	Completion Date Time	Time Spent	Language
07:22 PM 11/06/2021	07:25 PM 11/06/2021	1	ru

HOL-2126-01-NET-MYVMW-HOL - VMware NSX-T - Getting Started

Start Date Time	Completion Date Time	Time Spent	Language
05:25 AM 12/21/2020	07:34 AM 12/21/2020	13	ru

HOL-2151-09-DWS - Workspace ONE UEM - Getting Started with the Digital Workspace

Interested in providing a secure and employee-focused digital workspace to meet the demands of a modern workforce but don't know where to start?

Start Date Time	Completion Date Time	Time Spent	Language
02:03 PM 11/20/2020	05:09 PM 11/20/2020	84	ru

HOL-2051-12-UEM - Securing Devices and Resources with Workspace ONE

Start Date Time	Completion Date Time	Time Spent	Language
06:54 PM 10/15/2020	09:01 PM 10/15/2020	20	ru

HOL-2051-09-UEM - Workspace ONE UEM - Getting Started

Interested in exploring Workspace ONE UEM but don't know where to start? Learn the core concepts of Unified Endpoint Management (UEM) while enrolling an iOS, macOS, Windows 10, or Android device and exploring the full Workspace ONE UEM solution.

Start Date Time	Completion Date Time	Time Spent	Language
12:44 PM 06/11/2020	03:49 PM 06/11/2020	119	ru

HOL-2051-09-UEM - Workspace ONE UEM - Getting Started

Interested in exploring Workspace ONE UEM but don't know where to start? Learn the core concepts of Unified Endpoint Management (UEM) while enrolling an iOS, macOS, Windows 10, or Android device and exploring the full Workspace ONE UEM solution.

Start Date Time	Completion Date Time	Time Spent	Language
12:26 PM 06/10/2020	03:34 PM 06/10/2020	119	ru

HOL-2051-09-UEM - Workspace ONE UEM - Getting Started

Start Date Time	Completion Date Time	Time Spent	Language
10:17 AM 06/09/2020	03:26 PM 06/09/2020	244	ru

HOL-2051-09-UEM - Workspace ONE UEM - Getting Started

Interested in exploring Workspace ONE UEM but don't know where to start? Learn the core concepts of Unified Endpoint Management (UEM) while enrolling an iOS, macOS, Windows 10, or Android device and exploring the full Workspace ONE UEM solution.

Start Date Time	Completion Date Time	Time Spent	Language
06:25 PM 04/20/2020	08:31 PM 04/20/2020	41	ru

HOL-2051-09-UEM - Workspace ONE UEM - Getting Started

Start Date Time	Completion Date Time	Time Spent	Language
05:37 PM 04/20/2020	06:25 PM 04/20/2020	42	ru

HOL-2026-01-NET - VMware NSX-T - Getting Started

Start Date Time	Completion Date Time	Time Spent	Language
01:27 PM 03/22/2020	03:34 PM 03/22/2020	12	ru

HOL-2011-01-SDC- vSphere - Getting Started

Start Date Time	Completion Date Time	Time Spent	Language
10:27 AM 11/01/2019	12:34 PM 11/01/2019	4	en

HOL-1911-01-SDC - What's New in VMware vSphere 6.7

Start Date Time	Completion Date Time	Time Spent	Language
08:10 AM 06/28/2019	10:16 AM 06/28/2019	17	en

HOL-1903-99-NET - VMware NSX Lightning Lab

Lightning Labs are an easy way to learn about VMware products in as little as 30 minutes.

Start Date Time	Completion Date Time	Time Spent	Language
05:05 PM 06/21/2019	05:33 PM 06/21/2019	27	en

HOL-1903-01-NET - VMware NSX Data Center for vSphere - Getting Started

Start Date Time	Completion Date Time	Time Spent	Language
12:39 PM 06/12/2019	02:47 PM 06/12/2019	19	en

HOL-2011-01-SDC- vSphere Platinum - Getting Started

Start Date Time	Completion Date Time	Time Spent	Language
09:43 AM 06/03/2019	11:48 AM 06/03/2019	45	en

HOL-1908-01-HCI - vSAN v6.7 - Getting Started

Start Date Time	Completion Date Time	Time Spent	Language
08:56 AM 05/31/2019	10:33 AM 05/31/2019	81	en

HOL-1908-01-HCI - vSAN v6.7 - Getting Started

Start Date Time	Completion Date Time	Time Spent	Language
06:27 AM 05/31/2019	08:33 AM 05/31/2019	69	en

HOL-1903-02-NET - VMware NSX Data Center for Security - Distributed Firewall and Micro-Segmentation

Start Date Time	Completion Date Time	Time Spent	Language
05:43 AM 05/31/2019	07:53 AM 05/31/2019	4	en

HOL-1706-SDC-3 - Security Concepts in the Software Defined Data Center

This lab will demonstrate how as a vSphere Administrator, you can leverage components of the SDDC to reduce the overall security risk of your vSphere Environments.

Start Date Time	Completion Date Time	Time Spent	Language
05:06 PM 11/03/2016	07:15 PM 11/03/2016	13	en
